Involvement and support

of citizens

in flood protection

Developed by:

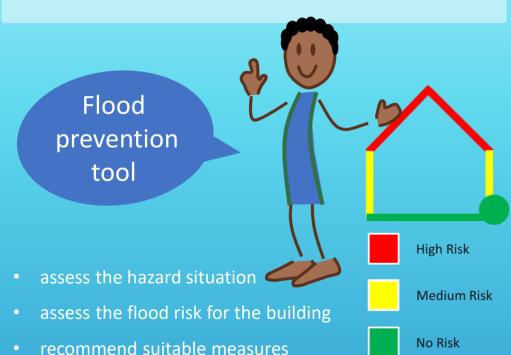

Through flood prevention...

- **Saving lives**
- Avoiding and minimizing flood damage to the property

What is the FLOODLABEL?

also by visual inspection of the building by an expert

Risk reduction

FLOODLABEL empowers people to protect their property from floods, it shows the potential hazards and recommends measures for own precautions.

What are the advantages:

- 1. Know the hazard situation before flooding
- 2. Determine vulnerable points to take concrete action
- 3. Support flood prevention to reduce damages
- 4. Sensitize the population to behavioral measures during and before flooding

FLOODLABEL prepares you to prevent yourself, your home and property: **BEFORE THE FLOOD**
